

New Footscray Hospital Project

Site Preparation Works

The Victorian Health and Human Services Building Authority is pleased to advise that site preparation works for the New Footscray Hospital Project will be commencing shortly, ahead of construction starting soon.

What's happening?

From this week commencing 18 January 2021, 2.7-metre-high hoarding will be constructed around the perimeter of the new Footscray Hospital site (as indicated in the image provided).

Works will commence on the Federal and Tiernan Street boundaries first, followed by the Geelong and Ballarat Road boundaries.

There may be some changes to pedestrian movements so please follow any signage in place for your safety.

How long will the work take?

It's expected the hoarding works will be complete within the next five (5) weeks.

Works will take place Monday to Friday, 7.00am-5.00pm and Saturday, 9.00am-3.00pm

Is this the start of construction of the new Footscray Hospital?

No, this is only site preparation works. Construction of the new hospital will begin following Contract Award which is still on track for early 2021.

Will there be impacts to car parking?

From 18 January 2021, the Victorian University Footscray Park campus car park will be closed.

Victoria University is developing alternative car parking solutions for its staff and students. Please visit their website at vu.edu.au/parking for further information.

How can I stay informed?

Information on the new Footscray Hospital is available on the Victorian Health and Human Services Building Authority website at vhhsba.vic.gov.au/health-infrastructure/new-footscray-hospital
